

Date: April 20, 2004

SUMMARY OF INFORMATION COLLECTION REQUEST

Title: 10 CFR Part 95, Facility Security Clearance and Safeguarding of National Security Information and Restricted Data (Final OCP)

Current Burden/Responses: 443 hours/153 responses

Proposed Burden/Responses: 447 hours/154 responses (146 plus 8 recordkeepers)

Frequency of Response: On occasion

Number of Respondents: 8

Reasons for Changes in Burden/Responses: The overall burden increased by 4 hours from 443 to 447 hours. The reporting burden increased by 5 hours from 333 to 338 hours, because of the incorporation of Section 95.39(d), which was inadvertently omitted from the previous clearance package. However, the burden for Section 95.33(d) was miscalculated and should have been 12 hours instead of 15. Therefore, the reporting burden hours increased by a net of only 2 hours, totaling 335 hours. The recordkeeping burden increased by 2 hours from 110 to 112 hours because of the incorporation of Sections 95.13, 95.19(c), 95.37(e)(2); and 95.37(f) which were inadvertently omitted from the previous clearance package. The hourly rates increased from \$143/hr. to \$157/hr. for professional effort in accordance with Part 170 and from \$45/hr. to \$60/hr. for clerical effort.

Level of Concurrence: Chief
Information Security Section
Division of Nuclear Security
Office of Nuclear Security and Incident Response

Recordkeeping Requirements in Accordance with the Retention Periods for Records/Rule: NA

Search of the Information Requirements Control Automated System (IRCAS):
IRCAS was searched, no duplication was found.

Abstract: NRC regulated facilities and other organizations are required to provide information and maintain records to ensure that an adequate level of protection is provided to NRC classified information and material.
