Dear Mr. Bass,

Many citizens of
Southwestern N.H. are
very concerned with
Vermont Yankee's Nuclear
Power Plant's request for
a 20% up rate or
power boost. We don't want it.

It's an old plant
and such a large increase
in power seems risky,

please support an Independent
Safety & Mechanical
Inspection of the plant
and request that the
NRC and VT & N.H., Me
officials do the same
before a 20% update
can be approved.

Thank you
Charles K. Noble
Keene NH.
