Dear Mr. Smith:

I have attached a copy of the U.S. Nuclear Regulatory Commission (NRC) staff's April 15, 2004, interim guidance for a long term control (LTC) possession only license at the Shieldalloy Metallurgical Corporation site in Newfield, New Jersey. This guidance provides you with a discussion of key concepts of the LTC license option as well as specific guidance for preparing sections of your decommissioning plan related to the LTC license.

In response to your email, I have tentatively scheduled a meeting here at NRC Headquarters for Tuesday, June 29, 2004, from 1:00 pm until 4:00 pm, so that we can discuss the guidance and respond to any questions that you may have about the guidance.
