RELATED CORRESPONDENCE

DOCKETED 05/07/04

May 6, 2004

Anthony J. Thompson, Esq.
1225 19th Street, N.W.
Suite 200
Washington, DC 20036

In the Matter of
HYDRO RESOURCES, INC. (HRI)
Docket No. 40-8968-ML

Dear Mr. Thompson:

In reviewing hearing file documents in the above-captioned proceeding, I've noted that copies of some items are missing. As you may recall, two sets of missing HRI documents were identified on page 2 of the NRC Staff's June 11, 1998 cover letter to the Board and parties (forwarding copies of docketed materials generated during the years 1988-98 in 41 Notebooks). Attachment A of the June 11, 1998 cover letter described the sub-set of these docketed materials which then comprised the hearing file, pursuant to 10 C.F.R. § 2.1231. The first set of missing HRI documents had been attached to an HRI cover letter to the Staff dated September 6, 1988, as more fully described on page 2 of Attachment A. The second set of missing HRI documents had been attached to an HRI cover letter to the Staff dated October 17, 1989, as more fully described on page 3 of Attachment A. The Staff had noted in 1998 its belief that the missing material had been superseded by subsequent HRI submittals, but I do not recall whether this was ever verified.

Additionally, the Staff cannot locate a copy of a June 13, 1997 report submitted along with an HRI cover letter dated June 16, 1997. These items are more fully described on page 15 of Attachment A. Please contact me should you need further information to locate the above items.

Sincerely,

/RA/

John T. Hull
Counsel for NRC Staff
