SUBJECT: TRAINING SESSIONS ON POST-EMPLOYMENT
RESTRICTIONS APPLICABLE TO THOSE WHO HAVE BEEN
INVOLVED IN YUCCA MOUNTAIN REVIEW ACTIVITIES

OGC has recently given legal advice concurred in by the Office of Government Ethics, regarding the post-employment restrictions that probably will be imposed on individuals who have participated in NRC's review of matters relating to the siting of a high-level waste repository at Yucca Mountain. Because of widespread interest in this issue, I have asked Trip Rothschild to conduct two training sessions on the applicable law. Those sessions will be held on March 22 and March 28 in One White Flint North, Room 2-F-17 at 9 a.m. I would encourage affected members of your staffs to attend one of those sessions.
