Dear Mr. Montgomery:

By letter of December 30, 1965, you received Amendment No. 5 to Indemnity Agreement No. E-10 which reflected changes to the form of nuclear energy liability policy and to the forms of indemnity agreements to effect the increase in the maximum amount of available financial protection from \$60 million to \$74 million. The amendment also incorporated into the forms of indemnity agreements the reduction in the amount of government indemnity that the Commission is authorized to extend to certain licensees as a result of Public Law 89-210.

As of this date, we have not received an accepted copy of the amendment. We would appreciate your looking into this matter at your earliest convenience and informing us of the status of the amendment.

Sincerely yours,
