SEP 13 1960

The Pennsylvania State University
University Park, Pennsylvania

Attention: Dr. E. F. Osborn
Vice President for Research

Gentlemen:

Receipt is acknowledged of your application dated September 29, 1960, for a Class 104 facility license permitting the University to possess, but not to operate at this time, the Curtiss-Wright Nuclear Research Reactor located at Quehanna, Pennsylvania. The docket number indicated has been assigned to this case.

We find that the information described below is necessary in addition to that contained in your application. Please provide the information as an amendment to your application. An original and two copies signed under oath or affirmation and nineteen additional copies should be submitted.

1. The period of time for which the license is sought.
2. The annual cost of maintaining and safeguarding the facility and the source of funds and proof that funds have been budgeted for this purpose.
3. Proof of financial qualifications to assume responsibility for the possible loss of special nuclear material.

Very truly yours,
