Randy,

Our agency has completed our review of this EA. Our only comment is that an incorrect date was placed in the document. I believe you stated that the date issue was already found and corrected.

Mike,

I will be in next week so I am available for any questions you might have on the EA for ABB Prospects, Inc.'s CE Windsor, CT facility. Headquarters, with Amir's help, provided me some comments, and I am addressing those now. Nothing major. They wanted more detail on truck traffic and how personnel doses were estimated.

Do you know what your schedule will be for completion?

Thanks,

Randolph Ragland
