Dear Mr. Delaney:

As the U.S. Nuclear Regulatory Commission (NRC) continues its review of National Security Information (NSI) that has been determined to be eligible for 25-year automatic declassification under Section 3.3 of Executive Order (EO) 12958, as amended, we identified NSI documents that we believe are your agency's responsibility. Therefore, under Section 3.6 of EO 12958, as amended, we are referring the NSI to your agency for appropriate action.

In summary, NRC is in possession of one document containing DOJ equities. The classified record is part of NRC's permanent historical records and are located in a vault-type room at NRC Headquarters.

Should DOJ decide to access the classified record for further review and disposition, please contact Wayne Burnside of my staff at 301-415-2211.

Sincerely,

/RA/
