Jack, I have concurred in the proposed confirmatory Order and notified Fred L. by phone message. In my discussions with the Chairman today he stressed the need to be particularly careful in the near future in describing our deliberative process, informing stakeholders and keeping the Commission informed.....thanks, Sam

Excellent. Thanks for all the hard work in pulling this together. I know it has been moving all around and has been an extra burden. Thanks again.

Sam Collins has indicated that he was in contact with Bill Borchardt and understands that this briefing is going to be Monday afternoon via video conference. Apparently Bill and Jim Caldwell were working together on this. Currently it is set for Tuesday.

I have spoken with Bill Borchardt and he suggested that I contact you regarding this and that you will be able to shed some light on this as to the correct date, time and location.

Thanks.  
Janine Armstrong
