Dear Les:

I wish to thank you, and Susan Moore of your staff, for all your help in making the U.S. Nuclear Regulatory Commission (NRC) On-Site Representatives' May 10, 2004, "Open House" a success. We especially appreciated your allowing us to use the "Bob Ruud" Community Center for the Open House.

The Open House let us reach out to the citizens of Nye County and inform them of the NRC's role in assuring protection of public health and safety at the proposed Yucca Mountain site. We were pleased and impressed with the number of Nye County residents who took the opportunity to speak to staff from the NRC, Nye County, and the Center for Nuclear Waste Regulatory Analyses at the Open House.

Once again, on behalf of the On-Site Representatives and myself, I thank you for your support. We look forward to working with you again in the future.

Sincerely,

C. William Reamer, Director  
Division of High-Level Waste Repository Safety  
Office of Nuclear Material Safety  
and Safeguards
