SUBJECT: RESPONSE TO THE ADVISORY COMMITTEE ON NUCLEAR WASTE LETTER
DATED MAY 3, 2004, ON THE WORKING GROUP SESSION ON BIOSPHERE
DOSE CALCULATIONS

Dear Dr. Garrick:

I am replying to your letter to Chairman Diaz, dated May 3, 2004, that provided the Advisory Committee on Nuclear Waste's (ACNW) report on the results of the working group session on biosphere dose calculations. The ACNW's letter identified a number of suggestions and observations for the U.S. Department of Energy (DOE) to consider in its potential license application. The U.S. Nuclear Regulatory Commission (NRC) staff will remain cognizant of these suggestions and observations in any continued interactions with DOE that include biosphere issues.

The NRC staff appreciates the ACNW's continued interest in, and input on, the technical analysis associated with biosphere.

Sincerely,
