If GE is on the line, I don't want to get into a CPPU argument with them. I am willing to talk to VY, but I don't want to go around in circles with GE again on CPPU. If they disagree with what we say, they can state their disagreement, and then that will be it.

VY has expressed a desire to have GE on the call too so that we are all hearing the same thing. They will be talking to GE to see if they are interested. Looks like the call will be during the first full week of January (1/6 - 1/10).

VY said that they want to use CPPU but that they were also implementing MELLLA. It seemed from the meeting that they would be separate applications but would be implemented together. Bob...please correct me if this is wrong.

Mohammed,

What was the question? Whether the CPPU could be used?

Ralph

Ralph,

Please let us know if you want to have a call with VY to discuss their proposal for the use of the CPPU topical report. We owe the licensee an answer on this.

Thanks,
Mohammed
