Ralph: Vermont Yankee has proposed tomorrow at 9:00AM. If you want to have the call earlier or later than 9:00, thats okay.

>>> Ralph Caruso 01/06/03 04:08PM >>>
No problem. Wed AM is free, not PM. Sorry about that.

✓ >>> Robert Pulsifer 01/06/03 03:48PM >>>
Ralph: It looks like Mohammed is out all week. Do you have any objection of just the two of us talk with VY? There questions seem to be more in your area.

✓ >>> Ralph Caruso 01/06/03 09:18AM >>>
As a hypothetical matter, it is possible for a licensee to implement MELLLA, alternate source term, and a power uprate, at the same time. The issue concerns the amount of detail that the licensee wants to provide - i.e., whether they want to use the (currently unapproved) CPPU topical, or one of the older ELTR topicals. The staff does not believe that they can use the CPPU topical process if they want to implement the other activities simultaneously. If they use one of the ELTRs, then it is possible - they should look at what happened for Duane Arnold, for an example.

I am available this afternoon, and then Wed PM. Thurs AM, and all day Friday.

Just talked to Brian Hobbs from Vermont Yankee. Would like to have the power uprate call this week. Can you both give me some available times this week and I'll arrange with VY for the call.

Two initial questions VY would like to address:

- Can there be parallel reviews where MELLLA, alternate source term, and power uprate package submittals are overlapping each other?
- With the projected schedules by VY will the CPPU approach be available?

A/6
