**Subject:** Early site permit application for North Anna.

Dear Sir,

We, citizens of the area affected by the proposed new nuclear site at North Anna have the right and the need for a public hearing. A hearing held locally so persons can actually attend! We have children we love. We have a world we love. It should not be the decision of a small group of persons to decide the fate of so many, so much.

Please be a gentleman and listen. Please be a man of honor and act.

sincerely,

Cynthia Curnow-Armstrong

**Subject:** Dear Judge Bollwerk,

Dear Judge Bollwerk,

We in the Charlottesville area are so distressed that the hearing about the North Ana nuclear reactor permit application has been moved to Maryland. What could be the reason for this, except to make public comment more difficult? This is not acceptable to many here. Please consider re-scheduling local hearings.

Thank you.

Sincerely,  
Emily Lewis

**Subject:** Local Hearings Appropriate

Dear Judge G. Paul Bollwerk, III:

Please move the NRC hearings to the communities where reactors are proposed. North Anna ESP raises legitimate issues of concern to a population that does not have the wherewithal to travel to Washington D.C. This decision is not only about lawyers.

Thank you for your kind consideration of this request.

Judge G. Paul Bollwerk, III,

Mail Stop T3F-23, US NRC

Washington, DC 20555

Dear Judge Bollwerk:

I am writing you today as a resident of Albemarle County, an area that is within the impact zone of the North Anna Nuclear Power Station.

In the interest of participatory democracy, I would like to request that you consider changing the venue for the upcoming (June 21-22) hearing concerning Dominion's Early Site Permit. By moving the hearing to Louisa County or to an area nearby, I and the other residents living in the impact zone, would be able to attend the proceedings. As it now stands, due to the long

distance to Rockville, most of us will not be able to attend and will be denied the opportunity to participate in a matter that is of such vital importance to our health and well-being.

It seems reasonable to request that the hearing be held in the locale of the residents potentially affected and I pray that you will, for the reasons above, agree to a change of venue.

Sincerely,

Abhaya Thiele
