Hi Tony,

R111

Attached is a Word file of changes - not complete, yet, but mostly revised from yesterday's marathon panel meeting.

I have also included the text here in case there is anything goofy with transferring the file from home. Fell free to fill in any blanks that you see - you will be able to tell where I am headed with these for the most part.

Feel free to call me at home if you have questions [REDACTED]

Ex6

I still plan to meet you at the office Sunday at 3 pm and am flexible so call if you will be late or anything changes. [REDACTED]

Ex6

Thanks, Christine
