RULEMAKINGS AND
ADJUDICATIONS STAFF**

We urge you to reject the "Draft Policy Statement on the Treatment of Environmental Justice Matters in NRC Regulatory and Licensing Actions" We adamantly oppose this proposed action. Environmental Justice issues must be considered strongly in the siting of nuclear facilities, decommissioning, waste processing, radioactive materials transport and so forth. This country has a long and ugly history of racial and ethnic discrimination. If you throw away Environmental Justice as proposed you will surely open another disgraceful chapter in this history.

Sincerely,

Donald Keesing &
Juanita Mendoza Keesing (member of the Pascua Yaqui Tribe of Arizona)
