Subject: REVIEW OF ALLEGER TRANSCRIPT

Mark,

Sharon gave me a copy of the OI transcript of your interview with the alleger for 97-33/126. I read all 158 pages of the document. I do not believe that he raised any new technical issues beyond those he had already brought to us, but only provided a few elaborating details on a couple of his technical issues and his H&ID concern.

I will return the transcript to Sharon's files and ask her to place this E-Mail in the allegation file as well. Please call me with any questions.

Rich
