Subject: Allegation: RI-A-97-0126 -Reply

Jim,

Sorry for the delay in responding to your request. As it currently stands, OI is continuing to investigate the H&I issue related to the allegeder. Additional field work needs to be completed and that may be done by Bill Davis of OI because of some competing priorities on my plate.

I'm going to speak to the allegeder again to see if his concerns have been addressed by the utility and see if that effects our action in this matter.

Thanks,

Mark

Mark,

I understand that you are reviewing part of this allegation. In the interest of closing out as many as possible that are under our control, what is the status of your review for this allegation?

Thanks for your input.

Jim
