Re: **ACR-700 Refueling and Qinshan Project Videos**

During the meeting between AECL and NRC staff on ACR-700 Fuel that was held at the Chalk River Laboratories on May 11-14, 2004, AECL made a series of presentations (submitted under Reference 1 cover) and also presented two videos on:

1. ACR-700 Refueling, and
2. AECL Qinshan Project.

Please note that the video presentation on ACR-700 Refueling was also presented at the meetings on On-Power Refueling (on May 14, 2004 in Sheridan Park) and on ACR-700 Codes and Standards (May 25, 2004 in Washington DC).

The two aforementioned videos are enclosed on a CD (ACR-700 Refueling) and on a DVD (AECL Qinshan Project).

If you have any questions on this letter and/or the enclosed material please contact me at (905) 823-9060 extension 6543.
