333 LINCOLN STREET - HINGHAM, MASSACHUSETTS 02043

March 24, 1971

United States  
Atomic Energy Commission  
Washington, D. C. 20545

Attention: Mr. Robert E. Brinkman  
Materials Branch  
Division of Materials Licensing

Gentlemen:

Please reference your letter of March 15, 1971, subject Termination of AEC By-Product Material Licensee No. 20-12312-01. It is my understanding that the foregoing license was issued for our storage or use of the following Pyrotronics Ionization-type Detectors:

1. Type F.E.S. 3.5 Detector, S/N 20395  
Date 2/12/64
2. Type F.E.S. 3.5 Detector, S/N 22513  
Date 2/16/64
3. Type F.E.S. 5 Detector, S/N 14183  
Date 4/10/62

We have been advised that the license is no longer needed for the storage and use of the foregoing detectors. Please advise if this is not true.

Yours sincerely,

PYROTECTOR, INCORPORATED

  
ALBERT L. GRAMM  
Vice President - General Manager
