Attention: Mr. Robert E. Brinkman, Materials Branch
Division of Materials Licensing

Gentlemen:

This is in response to your letter of March 31.

We have contacted Mr. Dooley, President of American Atomics Corp., Tucson, Arizona, and Mr. Dooley has agreed to dispose of the licensed material we have on hand.

He is arranging to ship us the containers in which we are to return the material. There is no guarantee that we will have these containers by April 8, but we do guarantee to ship the material out for disposal as soon as the containers are received.

Please advise.

Yours sincerely,
