Expedite_UrgencyToInform: on

Expedite_UrgencyToInformText: New England Coalition is involved in a citizen-based oversight role of all aspects of Entergy Nuclear Vermont Yankee operations and needs the information immediately to evaluate current conditions and facts vis a vis communications between NRC and licensee.

Waiver_Purpose: New England Coalition will use the material to clarify the record of events concerning spent fuel, special nuclear material, and other matters.

Waiver_ExtentToExtractAnalyze: The material will be subjected to intense scrutiny to analyze sequence of communications between Licensee and NRC staff, and how they impacted communications with the

public.

Waiver_SpecificActivityQuals: New England Coalition is a well-recognized and respected safe energy advocate that has officially intervened in numerous formal proceedings with state agencies, NRC, Entergy, and other licencees. The information will be used to clarify the public record and will be widely disseminated.

Waiver_ImpactPublicUnderstanding: New England Coalition is deeply concerned that there has been misinformation provided to the public, and that the public is therefore under a misapprehension as to the true facts and sequence of events relating to lost fuel rods at Vermont Yankee.

Waiver_NatureOfPublic: The matter of lost fuel rods and the information New England Coalition is seeking are matters of national relevance, and have already been widely reported in the national media.

Waiver_MeansOfDissemination: New England Coalition will make available its findings to the local, regional, and national press, and will also report to its membership and to the legislatures, governors, and congressional delegations of New England states

Waiver_FreeToPublicOrFee: Information will be provided free of charge to all media and all interested public and private entities
