Search of the Information Requirements Control Automated System (IRCAS):  
IRCAS was searched, no duplication was found.

Abstract: 10 CFR Part 11 establishes requirements for access to special nuclear material, and the criteria and procedures for resolving questions concerning the eligibility of individuals to receive special nuclear material access authorization. Personal history information which is submitted on applicants for relevant jobs is provided to OPM, which conducts investigations. NRC reviews the results of these investigations and makes determinations of the eligibility of the applicants for access authorization.
