Borough of Tenafly

MAYOR AND COUNCIL

RESOLUTION #R04-167

Offered by: Councilwoman Haider

Seconded by: Councilman Lattif

At a regular meeting of the Mayor and Council of the Borough of Tenafly, County of Bergen, State of New Jersey, held on Thursday, June 10, 2004.

WHEREAS, terrorists have made numerous credible threats to focus attacks in America's infrastructure, including our nation's nuclear power plants; and

WHEREAS, the National Research Council, in a July 2002 report, stated that the threat risk to nuclear power plants is high with potential consequences "ranging from reactor shutdowns to core meltdowns with very large releases of radioactivity"; and

WHEREAS, the Nuclear Regulatory Commission has issued numerous alerts to nuclear plant operators and has acknowledged that nuclear facilities, including Indian Point, were not designed to withstand or repel a substantial terrorist attack.

NOW THEREFORE BE IT RESOLVED, by the Mayor and Council of the Borough of Tenafly, that they support the coalition calling for the immediate closure and safe and orderly decommissioning of Indian Point Nuclear Power Plant and opposing the re-licensing of Indian Point 2 and Indian Point 3; and

BE IT FURTHER RESOLVED that the appropriate authorities seek an assessment of alternative means of providing our region with a sufficient supply of power, including the feasibility of converting the Indian Point site to an alternative electric generating facility and implementing and enhancing comprehensive energy efficiency and conservation measures; and

BE IT FURTHER RESOLVED that the Nuclear Regulatory Commission take prompt action to permanently retire the Indian Point facility and take all measures necessary to minimize the risks associated with the terrorist threat to the Indian Point Nuclear Power Station, and therefore the protection of the Borough of Tenafly, the residents of New Jersey and the greater New York metropolitan area; and

BE IT FINALLY RESOLVED that certified copies of this resolution be forwarded to James E. McGreevey, Riverkeeper, Inc., the NRC, Indian Point Nuclear Power Station, and Congressional representatives.

Approved: June 10, 2004
