ATTN: Federal Registrar 5.13.04 Pg. 26624-26625

Ladies and Gentlemen,

Since late 1979 the Manitowoc County Sheriff's Dept. has worked to develop a close working relationship with Point Beach Nuclear Plant staff. This came about as the world changed and a need for law enforcement and security to work for a common goal was identified.

In the following years, we identified needs of the plant relating to security. With plant personnel, the system was fine tuned to meet the needs of the operation. Supporting each other as our resources have allowed, we have shared in numerous training activities, equipment, and provided extra patrol both on land and in the water. The power plant has provided needed equipment and allowed access to facilities for training.

Point Beach has proven to be a good neighbor and an asset to the Manitowoc County Community. We look forward to a lasting relationship and encourage license renewal.

Sincerely,

Kenneth J. Petersen, Sheriff
Manitowoc County

Serving Our Community With P.R.I.D.E.
