SUBJECT: Request more time to complete Request for Additional Information for termination of License No. 06-07522-02		
<p>SUMMARY:</p> <p>Mr. Rivera called on 6/21/04, to request more than the 30 calendar days from the letter sent 6/7/04 requesting assurance that previously-licensed material is no longer on-site. Mr. Rivera stated that he needed the additional time to go through the paperwork and verify appropriate disposal of materials and decontamination of locations.</p> <p>I discussed this with Ms Betsy Ullrich. She agreed that this would be fine, and asked me to get an idea of when they would be done with this action.</p> <p>I phoned Mr Rivera at 13:00 on 6/21/04 to notify him that he could extend his response to request past the 30 days, and asked him when he expected to be finished. He stated that he did not know, and that he was searching records for all notifications that material had been sent offsite. He stated that he also wanted to walk through all their locations of use to ensure there is no more material that may have been missed. I asked if I could check with him in 30 days from this date, and he agreed that would be sufficient.</p>
