Dear Mrs. Miller:

In my last letter dated January 7, 2004, I requested \$220,033.33 to be released as final payment to Solutient Technologies, Inc. In a letter to Bill Lynch, the NRC had requested that we pay \$42,000 from the insurance funds and had given SLC the authority to use the \$220,033 after the \$42,000 from the insurance fund was sent to Solutient Technologies. In the meantime we kept negotiating with Solutient over invoices that SLC felt shouldn't be paid. The end result is that there will be a balance of \$19485.56 that will not be needed to pay Solutient. Solutient is now paid in full for all invoices associated with the segregation and removal of 1000+ cubic foot of waste.

Very truly yours,

Larry Harmon,
Plant Manager
