**SUPPLEMENTARY INFORMATION:**

**I. Introduction**

The U.S. Nuclear Regulatory Commission (NRC) is considering issuance of a license amendment to Source Material License No. SUC-1565, issued to S. C. Holdings (the licensee),

to authorize decommissioning of its Hartley & Hartley Landfill Site in Bay County, Michigan, and to allow termination of this license.

On November 26, 2003, S. C. Holdings submitted the Decommissioning Plan (DP) for the Hartley & Hartley Landfill Site for NRC review, approval, and incorporation, by amendment to license, SUC-1565. An NRC administrative review, documented in a letter dated March 1, 2004, found the DP acceptable to begin a technical review.

If the NRC approves the DP, the approval will be documented in an amendment to NRC License No. SUC-1565. However, before approving the proposed amendment, the NRC will need to make the findings required by the Atomic Energy Act of 1954, as amended, and NRC's regulations. These findings will be documented in a Safety Evaluation Report and an Environmental Assessment. The license will be terminated if this amendment is approved following completion of decommissioning activities and verification by the NRC in accordance with the license termination rule (Subpart E of 10 CFR Part 20) and the Commission's regulations.

## **II. Opportunity to Provide Comments**

In accordance with 10 CFR 20.1405, the NRC is providing notice to individuals in the vicinity of the site that the NRC is in receipt of a DP, and will accept comments concerning this decommissioning proposal and its associated environmental impacts. Comments with respect to this action should be provided in writing within 30 days of this notice and addressed to David Nelson, Project Manager, Mail Stop: T-7F27, Decommissioning Directorate, Division of Waste Management and Environmental Protection, Office of Nuclear Material Safety and

Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, telephone (301) 415-6626, fax number (301) 415-5398 or e-mail [dwn@nrc.gov](mailto:dwn@nrc.gov).

Because of possible disruptions in the delivery of mail to United States Government offices, it is requested that comments mailed also be transmitted to the Project Manager by means of facsimile transmission or by e-mail. Comments received after 30 days will be considered if practicable to do so, but only those comments received on or before the due date can be assured consideration.

### **III. Public Meeting**

A public meeting will be held in Bay County, Michigan, to solicit comments from individuals in the vicinity of the site and answer any questions about NRC's review of the DP for the S. C. Holdings SCA Hartley & Hartley Landfill Site. The public meeting will be held on July 21, 2004, from 7:00 p.m. to 9:30 p.m. at the Bay County Community Center, 800 John F.
