Subject: Phase 2 LSS Requirements

During the June 14-15 TWG meeting we identified as an issue the number and locations of LSS access sites. Although our draft Phase 2 LSS Requirements document, in Table 9-1, gave a listing of public document room users and a listing of LSS participants, we recognized that the list did not include all potential parties. However, we were reluctant to go beyond the rule in naming access locations without LSSARP approval.

This issue was raised and discussed at the July 6-7, 1995 LSSARP meeting. The Panel Chairman asked that the TWG submit a proposed comprehensive list of LSS access sites and he would circulate that list to the Panel members for consideration and approval. Attached is a copy of Table 9-1 plus the list of additions I am proposing that we, the TWG, suggest based on the input we have gotten from members of the Panel. If you have other additions to suggest, please call me at (703) 488-2308.

We have been told that the Uranium Recovery Field Office in Denver no longer exists so we will remove it from Table 9-1.

We are on a fast track to iterate on the total package of the Phase 2 LSS Functional Requirements. Comments on the proposed Phase 2 LSS requirements are being collected from the Panel members with a due date of July 13. Hopefully we will have a package reflecting these comments in your hands no later than July 18. Your concurrence or comments will be needed by COB July 20 in order to meet the schedule the ARP Chairman has established for the Phase 2 requirements.

TABLE 9-1
ALLOCATION OF USER TYPES TO ACCESS LOCATIONS

Access Locations	User Types				
	Public Document Room Users	LSS Participants	System Administrator/Staff	Capture Personnel	LSSA Quality Checking Authority
DOE Headquarters, Washington, D.C.	●	●			
DOE Project Office, Las Vegas, NV	●	●			
NRC Headquarters, White Flint, MD	●	●			
NRC Region 1 Office, King of Prussia, PA	●				
NRC Region 2 Office, Atlanta, GA	●				
NRC Region 3 Office, Glenn Ellyn, IL	●				
NRC Region 4 Office, Arlington, TX	●				
NRC Uranium Recovery Field Office, Denver, CO	●				
Las Vegas, NV	●	●			
Reno, NV	●	●			
Carson City, NV	●	●			
Nye County, NV	●	●			
Lincoln County, NV	●	●			
Main Facility (Location TBD)			●	●	●
Hearing Room (Location TBD)		●		●	
Remote	●	●			
M&O Las Vegas		●			
M&O Virginia		●			

NOTE: 10 CFR 2 Subpart J requires LSS access at all DOE and NRC local public document rooms in the vicinity of the likely candidate site. This list reflects the LSS Phase 1 requirements interpretation of the rule.

PROPOSED ADDITIONS TO TABLE 9-1

Additions to Public Document Room Users

Inyo County
Esmeraldo County
Clarke County
White Pine County
Eureka County
Mineral County
Churchill County
Lander County

Additions to LSS Participants

Inyo County
Esmeraldo County
Clarke County
National Congress of American Indians-Oneida, WI
