Dear Chairman Diaz,

Rules and Directives  
Branch  
LISNER

I would like to take this opportunity to endorse the National Enrichment Facility (NEF) and provide my support for their uranium enrichment plant. This facility will provide a sustainable domestic supply of "low enriched uranium" that is essential for fueling commercial nuclear power plants.

The state of New Mexico has a notable history as a hub of scientific research and development. The NEF is a strong supporter of the communities in Lea County and will provide many benefits such as:

- Create many job opportunities, short and long term
- Diversify the region's current economic base
- Provide employees with necessary training

Louisiana Energy Services will continue to contribute to a wide range of organizations and help to boost the economy of the southeastern part of the state. They are a most welcome addition to New Mexico.

Sincerely,

625 E. P. W. S. on Rd.  
Hobbs, NM 88240

Eunice Wall Secu.

CC: Governor Bill Richardson  
Secretary Ron Curry
