Director
Office of Nuclear Material Safety & Safeguards
US Nuclear Regulatory Commission
Attn: Document Control Desk
Washington, DC 20555-001

Reference: 1) Docket No. 70-143; SNM License 124

Dear Sir:

Nuclear Fuel Services, Inc. (NFS) is hereby submitting 6 controlled copies of the NFS Emergency Plan, Revision 8, dated April 2004. Revision 8 has been reviewed and approved by the NFS Safety and Safeguards Review Council (SSRC). Revision 8 replaces Revision 7 dated April 2003. Revision 7 should be destroyed or returned to NFS. Please note that Revision 8 has been stamped with the Department of Energy (DOE) designation of "Official Use Only".

In accordance with 10 CFR Part 70, Section 70.32 (i), NFS has determined that the changes reflected in Revision 8 due to the annual NFS review and update do not decrease the effectiveness of the Emergency Plan, and an amendment of SNM License 124 is not requested.

If you or your staff have any questions, require additional information, or wish to discuss this, please contact me or Dr. Sarah Barron, Emergency Preparedness Coordinator, at (423) 743-9141, extension 1284. Please reference our unique document identification number (21G-04-0085) in any correspondence concerning this letter.

Sincerely,
NUCLEAR FUEL SERVICES, INC.

B. Marie Moore
