SUBJECT: SUMMARY OF MEETING WITH THE NUCLEAR ENERGY INSTITUTE
REGARDING EP PLANNING BASIS REVIEW FOR SHELTER
VERSUS EVACUATION STUDY

On June 30, 2004, the Emergency Preparedness Directorate (EPD) held a public meeting with the Nuclear Energy Institute (NEI) and industry personnel to discuss the emergency planning basis review for shelter versus evacuation study. The purpose of the meeting was to exchange information regarding the similar studies being conducted by both Nuclear Regulatory Commission (NRC) and NEI. The meeting attendees are listed in ADAMS (see ADAMS Accession number ML041890015).

Nadar Mamish of EDP provided opening remarks (See ADAMS Accession number ML041880308). Following the NRC's opening remarks, Alan Nelson of NEI made opening remarks and presented the framework scope and objective of NEI's study (See ADAMS Accession number ML041880301).

Next, NEI gave the presentation "Assessment of Offsite Protective Action Strategies for Radiological Accident Emergencies" (see ADAMS Accession number ML041880309). Following the presentation the public was allowed to comment and ask questions.

Then, the NRC staff discussed the government statement of work to examine the planning basis issue, (see ADAMS Accession number ML041810404).

Members of the public were then given a final opportunity to ask questions, after which the meeting was ended.

NEI recommended to the staff that it consider a degree of technical information sharing during the study process. The NRC staff stated it will discuss with management and look into the degree of technical information sharing during the study process.
