**Cc:** Duncan, Bradley D  
**Subject:** RE: Land Use in Manitowoc County

Hello-

We're sorry for the confusion...all values that were provided to you are correct except the values for-

241 Shrubland  
blank Cloud Cover  
...they should be referenced as-  
250 Shrubland  
255 Cloud Cover

...we're in the process of updating the reference docs and tables at our website to reflect these corrections.

Sorry again for the inconvenience.

Bradley D. Duncan-

> Greetings-

> I can provide a -.dff table that you can bring into ArcView or Excel, etc.

> It has the Land Cover level II classification categories summarized by  
> County in sq meters....convert to acres by multiplying by 0.0002471

> You can get cover type names equating with the numeric Column values on  
> the  
> web site, under the "User Guide" section....hopefully you've already  
> looked  
> the User Guide and related docs at that site to help ensure good use of  
> the  
> data in your application.

> <<landcov.dbf>>

> I hope this will support your needs.
