Mr. Timothy N. Chan, Chairman
ASME OM 16 Diesel Drive Working Group
O&M of Nuclear Power Plants
Tennessee Valley Authority
1101 Market Street (LP-4J)
Chattanooga, TN 37402-2801

Dear Mr. Chan:

I would like to nominate Mr. Steven M. Unikewicz as the authorized NRC representative on the ASME OM 16 Diesel Drive Working Group. Mr. Unikewicz has been involved with the implementation and review of nuclear codes and standards throughout his 22 year career of designing and operating nuclear power plants. He has been active in ASME technical activities for many years serving as a member of the ASME OM 19 Sub-group on Air Operated Valves, Chair of the Systems and Facilities Design Committee, Power Division, and as member of ASME's Energy Committee as well as serving in many other roles within ASME.

In accordance with OMB Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," February 19, 1998, the participation on a committee of an authorized NRC representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Correspondence to Mr. Unikewicz should be addressed to:
