Detailed description of the information sought:

The total revenue and other financing sources for the Town of Two Creeks and  
Manitowoc County for 1996-2000.

	Manitowoc County	Town of Two Creeks
1996	40,129,000	982,600
1997	41,556,900	1,026,300
1998	47,112,400	937,200
1999	51,694,700	270,500
2000	55,931,600	1,420,800

The Two creeks value for 1999 is correct. Mike spoke with the Town's auditor who said their interest income was negative that year due to market fluctuations. They have approximately 8 million tied up in a fund, so when it drops in value it has a large impact on the Town revenue.
