Steve,

I have set up the telconference for this Friday, July 16, 2004, from 9-10 am EDT. The bridge line is 1-800-638-8081 and passcode is 5744. NRC staff will meet in room O-11B2.

The purpose of the call is to aid MMS in their efforts to benchmark their environmental process against the best practices of other Federal Agencies. In addition to specific environmental processes, he would like to discuss the electronic methods we use in tracking our work and engaging the public.

Jack Cushing
Project Manager
License Renewal and Environmental Impacts
Division of Regulatory Improvement Programs

Jack

Attached you will find a copy of the letter we recently sent to NRC inviting your organization to participate in our benchmarking interviews. As we discussed, this confirms our intentions to have a telecom scheduled for 9:00 a.m. (EDT) on Friday, July 16th to discuss the most successful characteristics of your organization.

Thanks again for your eagerness to participate and share in our organization's transformation

Steve Wolfson
