05000296/2004-302

Dear Mr. Singer:

In a telephone conversation on July 14, 2004, between Mr. Richard Moyer, Lead Examiner, Operations Training, and Mr. Edwin Lea, NRC Senior Operations Engineer, arrangements were made to reschedule a retake written licensing examination at Browns Ferry Nuclear Plant. The examination, which was originally scheduled to be administered by members of your staff during the week of August 9, 2004, has been rescheduled to be administered during the week of August 23, 2004.

As agreed during the telephone conversation, the due date for the completion of other examination related activities identified in the June 2, 2004, will remain the same. The NRC regional office will continue to work with your staff to identify any changes that might be necessary before the examination is administered.

If you have any questions regarding the rescheduling of the examination or NRC's examination procedures and guidelines, please contact Edwin Lea at (404) 562-5467, (Internet E-mail: EXL2@NRC.GOV), or myself at (404) 562-4638, (Internet E-mail: MEE@NRC.GOV).

Sincerely,

/RA/
