Subject: Location of the Entergy Common QA Program Manual

The Quality Assurance Department is beginning to receive questions regarding how to access the Entergy Quality Assurance Program Manual. Although there will be no controlled paper or electronic (Curator) copies of the manual available on-site, it may be accessed from the ENN corporate website by clicking on the drop-down menu, scrolling to Corporate QA, and clicking on the QA Program Manual link. This is the only way to view a controlled version.
