Subject: FW: Filming update I

Folks,

VY will have a film crew at their Corporate Office in Brattleboro and on-site today and tomorrow (see forwarded e-mail below). The purpose of the filming is to improve public relations by showing the world what this place looks like from the inside. If you have any questions or concerns, please give me a call.

Subject: Filming update I

Dear Fellow Entergy Vermont Yankee,

Filming Update:

On Monday, October 27 our video crew will be filming at Corporate and Training. On Tuesday, October 29 we will be filming at the plant. Filming will highlight VY folks in the workplace and in some cases involve brief interviews. We will be doing our best not to interrupt your work schedule.

This is an opportunity to show the public something about us behind the scenes and how we operate. We believe that we have a great story to tell about Entergy Vermont Yankee and that this is a positive step for community education and outreach.

If you have questions about any of this, please contact Larry Smith at 4118.

Brian
