Subject: Fourth Interval ISI Pressure Test and IWE Programs

To ALL Personnel,

On Monday, Sept 1, 2003 the Fourth Interval of the Inservice Inspection Program (PP 7013), ASME Section XI Repair and Replacement Program (AP 0070), Inservice Inspection Pressure Testing Program (PP 7034), and Containment Inservice Inspection Program (PP 7024) become effective. The Code year changes to the 1998 Edition with the 2000 Addenda.

Please note that some requirements have been superceded.

Personnel presently qualified to conduct VT-1, VT-2, and VT-3 visual examinations continue to be qualified under the revised programs.

If there are questions concerning implementation, please contact the cognizant program owner.

Thanks,

Ted, Dave, and Bill
