Dear Sir or Madam;

Entergy Nuclear Operations, Inc., (ENO), James A. FitzPatrick (JAF) Nuclear Power Plant is in receipt of your requests for additional information (RAIs) (References 1 and 2). Our initial responses to these RAIs (References 3 and 4) identified a number of issues which were considered to be generic issues that were to be resolved using the security frequently asked question (SFAQ) process.

A number of those generic issues have now been resolved using the SFAQ process, and additional clarification on other RAIs was received during a telephone conference with the NRC Reviewer. This letter updates our response to the RAIs that have been resolved. Each RAI, for which we are updating our response, is identified by the Physical Security Plan (PSP) Section referenced in the original RAI.

This letter contains no new commitments. As noted in references 3 and 4 revised plan pages will be submitted when all RAI questions are resolved. If you have any questions or require additional information, please contact Jonathan LaPlante at (315) 349-6406.
