Dear Mr. Cushing:

Thank you for taking the time to meet with us. We enjoyed talking with you and the members of your department. We value your input and the opportunity to learn from other successful businesses, such as the U.S. NRC, Region II.

The goal of our OCS Connect initiative is to improve the way the Minerals Management Service (MMS) serves both its internal and external customers. We aim to streamline business processes, evaluate improvement opportunities, and enhance information exchange. This will enable MMS to better achieve its mission of efficient and safe exploration and development of offshore mineral resources in an environmentally sound manner. Your contribution will help us reach our goal.

Thanks again for sharing your information with us. If you think of anything else that may be helpful, please feel free to contact either Steve Wolfson at 504-739-1370 or Karen Krock at 504-739-1364.

Sincerely,

  
John L. Price  
Project Manager  
OCS Connect
