Attached is the informal copy of the Application Table of Contents as you requested. Note that it indicates draft and may change slightly but nothing major is anticipated. I would also note that the format may differ slightly from Entergy and Dominion but we have attempted to be consistent, and the content will be generally the same.

Bill Maher tells me he got a similar request from Tom Kenyon so he is on cc.

Eddie - Another request - is it possible to get an informal copy of the application Table of Contents? This will help us prepare for the application by having all of the application sections assigned to the appropriate review branches ahead of time. It will also assist us with a crosswalk to the Review Standard and in setting up our numbering and tracking systems. Thanks.

Nan
