Subject: Call on Seismic Issues

Eddie - Welcome back. I hope you had a good vacation.

I would like to arrange a call with Cliff Munson, our seismic expert, and whomever on your side could explain to him the problems you ran into with the seismic analysis so that he would be able to brief our upper management. The best time for Cliff this week is Wednesday, July 16, early afternoon. Please give me a call when you have a minute to discuss this.
