SUBJECT: TEMPORARY SUSPENSION OF NRC STAFF REVIEW ON BAW-2441,  
REVISION 2, "RISK INFORMED JUSTIFICATION FOR LCO END STATE  
CHANGES" (TAC NO. MC2615)

Dear Mr. Mallay:

By letter dated January 19, 2004, the Babcock and Wilcox Owners Group (B&WOG) submitted Topical Report (TR) BAW-2441, Revision 2, "Risk Informed Justification for LCO End State Changes," for NRC staff review. By letter dated June 28, 2004, the NRC stated that the TR had been accepted for review. By e-mail from myself dated June 29, 2004, the NRC provided a request for additional information (RAI) to the B&WOG. By letter dated August 3, 2004, the B&WOG explained that, due to other priorities, the RAIs would not be responded to until March 31, 2005. Because of this delay, the NRC staff will suspend its review efforts on this TR until the RAI responses are submitted.

In the event that any comments or questions arise, please contact me at 301-415-1436.

Sincerely,
