Subject: Revising the ESP Application?

Mike,

From time to time we talk about "revising" the North Anna ESP application. Usually the context is to incorporate information developed through the RAI process. I guess there may be other reasons, too.

You've indicated that frequent revisions are not desirable. I'd like to chat with you regarding your expectations with respect to if and when the application should be "revised."

Please give it some thought, then give me a call.

Thanks.

Joe H.
