Your Honor:

The NRC Staff is completely supportive of holding a teleconference among the parties this Wednesday, August 4, or Thursday, August 5. I will be available to participate in such a call at any time on either day that Your Honor designates. I am not suggesting in this reply any items for the agenda, since we are currently formulating our views on the items to be addressed. Should you wish to receive the Staff's suggested topics before the call, we will be pleased to provide them to you.

Respectfully submitted,

Stephen H. Lewis  
Counsel for NRC Staff

This will forward to all counsel the email communication I just opened from the President of CFC Logistics. That communication was apparently not served on opposing counsel.

All counsel should inform me, and each other, by email whether you believe the conference call suggested by the communication would be useful at this time and, in any event, the times of day when you would be available for such a call on this Wednesday and Thursday, August 4 and 5.

My calling for this email response is, of course, not intended to convey either agreement or disagreement with the positions taken by the Company in the communication being forwarded herewith.
