August 10, 2004

Mrs. Marie Miller Nuclear Materials Safety Branch U.S. Nuclear Regulatory Commission, Region 1 475 Allendale Road King of Prussia, Pa. 19406-141

Dear Mrs. Miller:

This is the latest invoice for repairing the fence. This is the section that was pointed out on your last inspection. This is a small fence company in Bloomsburg so anything that you could do to facilitate the release of funds would be appreciated. According to the agreement between Safety Light and the NRC, this is a covered cost.

Very Truly Yours,

Larry Harmon. Plant Manager
