Dear Mr. Pineau:

Based on our conversation with Ms. Susan Peccatiello of the America Nuclear Society, we provide to you our nomination of Mr. James R. (Randy) Hall to replace Mr. Philip G. Brochman as the authorized U. S. Nuclear Regulatory Commission (NRC) representative on the ANS NFSC, sub-committee on Fuel, Fuel Containment, and Storage. Mr. Hall is a Senior Project Manager responsible for NRC technical reviews associated with the aforementioned committee. By this letter, we also terminate Mr. Brochman's membership on this sub-committee.

In accordance with the Office of Management and Budget Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," February 19, 1998, the participation on a committee of an NRC-authorized representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.
